

YOU PICKED THE
WRONG PERSON.

I don't pay attention to trivial matters like the latest fashion trends. You know, Vicky, Albert Einstein who was considered as a genius, had a closet full of the same outfit. He did this because he didn't have time to think about what he wanted to wear, he had better things to worry about So thats why I wear the style shirt and the same type of levi jeans. Because I am a genius. Just you wait and see.

I like it here, that's why.

You know I don't like photographs.

YEAH
YEAH
YEAH

WE
WERE
POOR

we would wear our shoes out and I remember having to sometimes walk around barefoot because we couldn't afford a new pair of shoes.

I'VE HAD MY VAN FOR
A LITTLE OVER 9 YEARS.
I'VE ALWAYS TOLD
MYSELF THAT ONCE IT
HITS A DECADE ITS TIME
TO BUY A NEW ONE.
