

# Fellowships for Research

BaruchCOLLEGE

## Undergraduate Opportunities

### Barry M. Goldwater Scholarship

Scholarship provides up to \$7,500.00 per year for educational expenses for outstanding U.S. students with excellent academic records and demonstrated interest in, and potential for, careers in mathematics, the natural sciences, and engineering.

<https://goldwater.scholarsapply.org>

### VERSE Scholars Program

Funded summer research experiences in the School of Arts and Sciences at Tufts University.

<https://amgenscholars.com/>

### Amgen Foundation Scholars Program

A funded summer hands-on STEM research experience program for current undergraduates at some of the leading educational institutions in the U.S. or Asia.

<https://amgenscholars.com/>

### National Science Foundation (NSF) Research Experiences for Undergraduates (REU)

Funding for summer or semester long research participation by students in any of the areas of research funded by the NSF. REU projects involve students in meaningful ways in ongoing research programs or in research projects specifically designed for the REU program.

[www.nsf.gov/crssprgm/reu/](http://www.nsf.gov/crssprgm/reu/)

### German Academic Exchange Service (DAAD) Research Internships in Science and Engineering

Funded summer internships for students in STEM and computer science. RISE interns are matched with doctoral students whom they assist and serve as their mentors. The working language is English.

[www.daad.org/rise](http://www.daad.org/rise)

### National Institutes of Health (NIH) Undergraduate Scholarship Program

The program offers scholarship support, paid research training at the NIH during the summer, and paid employment and training at the NIH after graduation.

[www.training.nih.gov/programs/ugsp](http://www.training.nih.gov/programs/ugsp)

## Postgraduate Opportunities

### Fulbright U.S. Student Program

Funding for graduate study, to conduct research, and to teach English worldwide. The program facilitates cultural exchange through direct interaction on an individual basis in the classroom, field, home, and in routine tasks, allowing the grantee to gain an appreciation of others' viewpoints and beliefs.

[www.fulbrightonline.org](http://www.fulbrightonline.org)

### American Institute of Economic Research

AIER offers a variety of funded programs including paid internships in scholarly research, nonprofit programming, event planning, marketing, graphic design, communications, editorial writing, and fundraising. Also, offers Graduate Fellowships for thesis/dissertation research.

Opportunities available at the undergraduate and graduate level.

[www.aier.org/opportunities-at-aier/](http://www.aier.org/opportunities-at-aier/)

### National Science Foundation Graduate Research Fellowship

NSF GRF awards are for students in NSF-supported STEM disciplines who are pursuing research-based master's and doctoral degrees at accredited US institutions. Fellows benefit from a three-year annual stipend along with an education allowance for tuition and opportunities for professional development.

[www.nsfgrfp.org/](http://www.nsfgrfp.org/)

### James C. Gaither Junior Fellows Program

Fellows spend one year at Carnegie Endowment for International Peace in Washington, DC working with Carnegie's senior scholars as research assistants on such projects as democracy building, nuclear policy, energy and climate issues, international economics, etc.

<https://carnegieendowment.org/about/jr-fellows>

### National Institute of Health (NIH) Oxford/Cambridge Scholarship

An individualized doctoral training program for outstanding science students committed to biomedical research careers. Students earn a D.Phil or Ph.D. from Oxford or Cambridge or a combined MD/Ph.D.

<http://oxcam.gpp.nih.gov/>

### Quad Fellowships

Sponsors 100 exceptional American, Japanese, Australian, and Indian master's and doctoral students in science, technology, engineering, and mathematics (STEM) to study in the US. Quad Fellows will receive \$50,000 towards graduate degrees or research.
