

How do I get Rosetta COURSe® onto my iPad®? (Institutional Learners)

Content

There are 2 ways to get Rosetta COURSe® onto your device:

- Download from your iPad®
- Download from the iTunes Store and sync to your iPad

Downloading from your iPad

1. Open the App Store on your iPad.
2. Search for Rosetta Stone, Ltd.

3. Tap on the Rosetta COURSe icon.
4. Tap the Free button to complete the install process.

Downloading from iTunes Store

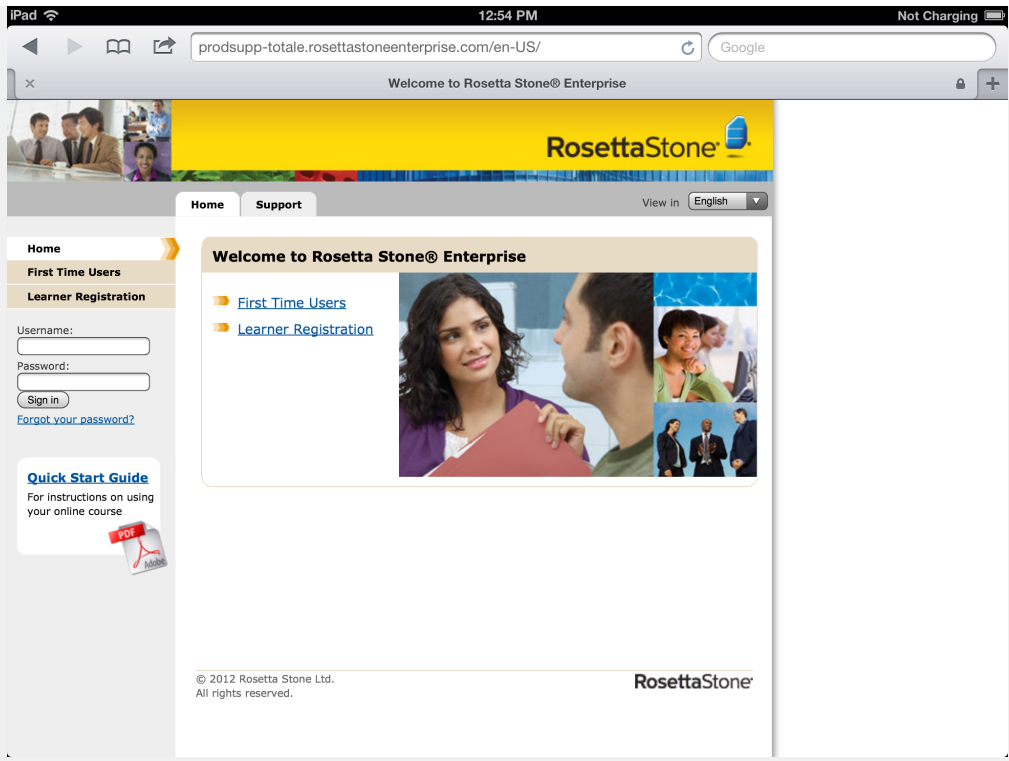

iTunes® needs to be installed on your computer before downloading the Rosetta COURSe app. We recommend using the latest version of iTunes.

1. Connect your iPad to the computer using your USB cable.
2. Open iTunes and type Rosetta Stone, Ltd. in the Search Store field.
3. Locate the Rosetta COURSe app, and click on it. You'll see the app homepage containing detailed information (reviews, instructions, screenshots, etc.).
4. Click on Free, when you're ready to download your Rosetta COURSe app.
5. Sign-in to download from the iTunes Store.
6. Select your device in the iTunes window and "sync" your device.

For any issues related to iTunes troubleshooting, please refer to Apple Support.

Signing into Rosetta COURSe

After installing and updating the application, open Safari and navigate to your normal login site, e.g. 123-totale.rosettastoneenterprise.com:

Log in to this site using your normal credentials, and when you click Launch Rosetta Stone, you will be taken to the Rosetta COURSe app:
